

AKHILESH YADAV

CHIEF MINISTER
UTTAR PRADESH

LAL BAHADUR SHASTRI BHAWAN
LUCKNOW

Date : 11th September, 2016

Message

I am happy to know that The Council of Engineering & Technology (India) is organising its 4th National Seminar & 2nd Convocation Ceremony on 24th December, 2016 in Kolkata.

The theme of the National Seminar 'Skill for All: Challenges & Opportunities' is very apt. The youth is the hope of our future. We need to empower our youth so that they can make a better tomorrow.

With this objective the Government of Uttar Pradesh is paying special attention to Education as well as Skill Development. A large number of youth have been imparted training under the Skill Development Mission and significant number of them have been employed in various enterprises.

I hope that during the event participants would discuss the relevant issues in depth and make the deliberations beneficial for all.

My best wishes for the entire endeavour.

(Akhilesh Yadav)
